

Pizza Screens

A) Pizza Screens – Heavy Duty Expanded Aluminum with Seamless Construction

HW

Pizza Screens can produce a more evenly baked crust by allowing air to circulate beneath the crust.

Heavy Duty Aluminum

B) Mega Screens

The only pizza screens tough enough to exceed the high standards of NSF, Mega Screens are the smart choice. Holes and open rims make cleaning a breeze and improve food safety. Available in aluminum or hard coat anodized aluminum, Mega Screens can last 5 to 10 times longer than standard pizza screens. Hard coat Mega screens are the most durable, cost-effective screens for conveyor oven use. Holes are 1/8" (0.32 cm) diameter.
