MOBILE STORAGE CABINET + WORKSTATION + DEMONSTRATION TABLE

= Our New Addition to your Science Lab

Introducing... **Mobile Science Cabinets** MODEL #MSC2436

The new **NPS® Mobile Science Storage Cabinet** is an important addition to our science lab offering. It functions as a workstation, mobile storage cabinet and as a demonstration table. The NPS® cabinet features a fully oak veneered interior and exterior and is constructed with a resilient plywood core. Our heavy duty Cobra wrap-around hinges support the doors for use under extreme circumstances and enable them to be opened 270°. The cabinet is outfitted with a high pressure laminated tabletop which is compliant with NEMA standard testing, making this NPS® mobile science storage cabinet the #1 choice for every science lab requiring strong and durable equipment. It also comes with four heavy-duty swivel casters with brakes for mobility with ease, and a door lock to keep cabinet contents safe. Interior shelf is adjustable in 1" increments with five different height options to choose from.

This unit ships ready to assemble with an easy to follow, four-step assembly process.
