

Soak Up the Possibilities!

Maneuverable drain elbow can be positioned in any direction as needed. Use with or without drain hose based on available access to floor drain.

New Improved Drainage System!

- Ideal for brining or marinating meats to enhance flavor and texture.
- Presoak smallwares prior to cleaning and sanitizing.
- Drains quickly and easily with maneuverable drain elbow and hose.

CAMBRO
TRUSTED FOR GENERATIONS™

Soak and Brine Tank

Take your marinating and brining game to a whole new level with Cambro's new Soak and Brine Tank. The tank's reinforced polyethylene construction is designed to withstand the pressure of up to 37 gallons of liquid. Once you're done marinating, the maneuverable threaded faucet drain with hose hookup makes draining and cleaning the tank so easy. Available in white or yellow to identify separate tanks for food contact and cleaning.

Clear slide-back lid lets you check contents and add more liquid as needed.

Clear hose allows drainage even when floor drain is hard to access.

This 37-gallon (140 liter) tank takes 4 minutes to drain when completely full and features an easy to turn 45° ball valve.

One-piece reinforced, seamless single-wall polyethylene construction with stainless steel drain bracket to support drain components. Won't rust or corrode.

Protected valve handle located above the drain is easily accessible from the front of the tank.

Includes 3" (7,6 cm) casters: 2 rigid in back and 2 swivel in front.

Maneuverable drain elbow can be removed for easy cleaning.

NSF listed threaded 1" (2,5 cm) faucet drain with optional clear hose makes draining and cleaning easy.

Easy to access blue drain valve handle. Shown in open position.
