

# EZ Serve™ Condiment Cart

## Stainless Steel With VolPak® System

Spec. # \_\_\_\_\_

**Model #702-00**  
with 8 each  
dispensing pumps

### All of the convenience of VolPak condiment dispensing without the hassle of CO<sub>2</sub> tanks and pumps.

- Utilizes convenient, economical disposable 3-gallon condiment pouches.
  - Reduces labor to refill and clean pumps and containers by as much as 75%.
  - Eliminates theft and waste up to 30%.
  - Decreases food costs up to 30%.
- No refrigeration, electrical power or CO<sub>2</sub> tanks needed - operates with easy to use hand pumps
- Safe and sanitary method of dispensing.
  - Sealed, sanitary pouches are vacuum sealed.
  - Reduced risk of bacterial contamination and customer intervention.
  - Pouches are easier and safer to handle than cans.
- Durable, easy to use dispensers are within reach for teens and adults. Dispensers can be mounted in any direction.
- System handles various thicknesses of condiments, including available salsas and relishes.
- Locking doors provide easy access to the interior for changing product pouches. Doors are located on the serving side for quick access when it is placed against a wall.
- Cart is sized for maneuvering into elevators, down corridors and into serving areas.
- Stainless steel interior and exterior is easy to clean and sanitize. Wipe down or steam clean inside and out. All stainless steel exterior is standard.
- Easy to maneuver with four tough-duty 5" (127 mm) swivel casters, two with brake.

Snap-on connectors make changing bags easy. One connector fits all condiment brands.

Lift-out bins simplify changing condiment pouches and cleaning.

Convenient hand key screw clamps make hose removal and cleaning easy.

Optional stainless steel overshelf

Optional etched or color coded pump knobs easily identify condiments.
