**F-15
Counter Top Fryer**

Model F-15

DESCRIPTION

Wells F-15 counter top fryer is one of the most dependable, durable and easy-to-use fryers in the industry and comes with two side hanging, 1/2-size fry baskets standard. Deep drawn fry pot is removable and made of stainless steel for strength, durability and long life. The fry pot is easily removable and holds 15 Lbs. of oil.

SPECIFICATIONS

CONSTRUCTION – features stainless steel top, front, sides, fry pot and elements. Adjustable 4” legs and power cord with plug are included.

ELEMENTS – F-15 fryers are equipped with swing-up, immersion-type, heavy duty, stainless steel elements. Elements are rated at 4,319 / 5,750 watts at 208 / 240V and can produce 32 Lbs. of French fries per hour. Elements are located below the basket for even heat distribution. Elements control housing has a spring-loaded, self-locking rod support to safely secure elements when is in the raised position.

CONTROLS – Oil temperature is operated by a positive off, adjustable, snap-action thermostat that ranges from 200° F to 375° F. A manual reset safety thermostat shuts the heating element power should an over temperature occur. A red signal light indicates an over temperature condition.
