## SR-42HWP Commercial Electric Rice Cooker

### Thermostat for Precision Control

The rice cooker will maintain the cooked rice warm for up to 2 hours under nominal\* operating conditions, virtually eliminating burning or overcooking of the rice. As a result, rice is cooked to the Chef's preference.

### Easy Push-Button Operation

The push of a button starts the rice cooking. As soon as the rice is cooked, the unit shuts itself off.

### Alternate Uses

Not only does it cook rice but can braise, heat liquids and cook many different items – call or see our web page for Chefs Technical Support for recipes.

### Large Capacity

SR-42HWP can cook up to 23 cups (4.4 qts) in approximately 30 minutes.

### Direct Heating System

Specially sheathed heating elements heat the pan bottom directly which minimizes heat loss and in turn saves energy costs. A thermal safety fuse will protect the unit from possible temperature rise.

### Easy-to-clean Removable Pan Liner

The included Aluminum Alloy pan liner lifts easily out of the cooker to make washing and rinsing a breeze. An Optional "Non-Stick" pan liner is available.

\* Ambient room temperature of 70°F and pan covered.

### UL and NSF Approved

SR-42HWP is built with a durability and attention to safety that has earned certification from both Underwriters Laboratories and the National Sanitation Foundation for **commercial use**.

### SR 42HWP Specifications

Servings	
Raw Rice	8.6 lbs. (23 - 6 oz. cups)
Servings	74 - 3 oz. portions, 54 - 4 oz. portions
