**SPECIAL FEATURES**

- Locking back doors for rear loading
- Key operated electric shutter
- Digital temperature data logger
- Graphics on upper and lower front panels

**STANDARD FEATURES**

- Silver colored PVC coated steel front panel with a blue decal
- CFC free injected foam insulation
- PVC coated steel gray interior
- Black steel kick plate
- Foamed polystyrene black end panels
- Tempered side glass
- LED lighting in canopy and under shelves
- Temperature and defrost regulated by a digital controller
- Slide out condensing unit on self-contained units
- Removable condensate evaporating pan for easy cleaning
- Product stops on all shelves
- Height adjustable, shelves can be tilted
- Levelling feet

**OPTIONAL FEATURES**

- Stainless steel exterior and / or interior
- Other colors available
- Additional shelves
- Price tag molding
- Product dividers
- Condensate evaporating pan for remote cases
- Stainless steel legs are adjustable from 5-1/8" to 7-5/8"
- KGL-RS caster kit

**WARRANTY**

One year parts and labor with an additional four years on the compressor (part only)

**NOTE**

These cases are engineered to operate in locations not exceeding 75°F and 55% R.H. These cases are designed to operate using R404a refrigerant. Alternate refrigerants available by special order. O.A. length includes (2) ends at 1-1/2" each. Ventilation grills at front and back cannot be blocked. B.T.U.'s are calculated at 14°F (evaporator) and 90°F (ambient). Remote cases are provided with an expansion valve and a liquid solenoid for pump down cycle. On remote cases, if no floor drain is provided, a condensate evaporating pan must be ordered and 6.7 amps added to the amp load. Remote cases must be hard wired – no plugs.
