Back Bar Coolers are an excellent option for keeping bottled or canned beverages at their ideal serving temperature. The spacious stainless steel interior houses a LED light to illuminate the stored contents. Units are built to perform in either built-in, stationary, or mobile applications. The forced air, oversized refrigeration system with solid-state digital controls provides a consistent holding environment and rapidly cools the contents.

## FEATURES

- Door locks for security
- Bright, long lasting and energy efficient LED lighting.
- Solid State Controls. Easy-to-adjust and monitor and delivers reliable, consistent performance.
- Foamed in place, high R-value urethane insulation
- 5" casters (front 2 lock in place) for mobility. Can be placed on stationary leveling legs.
- Includes internal condensate evaporator, so no drain hook-ups are needed.
- NEMA 5-15 cord set included

## TEMPERATURE

- Holding temperature: 34° to 41°F (1° to 5° C)
- Automatic programmable defrost cycle ensures the selected holding temperature is continuously maintained.
- Forced air cooling delivers consistent holding temperatures that will rapidly cool the contents.

## CONSTRUCTION

- Exterior Material: Steel painted black
- Interior Material: Stainless Steel
- Countertop: Stainless Steel
- Shelving: Heavy duty PVC coated wire shelves
  - 69K-103HC / 69K-104HC: Four (4) adjustable shelves
  - 69K-105HC: Six (6) adjustable shelves

## REFRIGERANT

Environmentally-friendly R290a

## ELECTRIC

120/60Hz/1 Ph (NEMA 5-15)

Intertek  
Conforms to  
ANSI-NSF 7

Intertek  
Conforms to  
ANSI UL 471

Environmentally  
Friendly

DOE 2017  
Compliant

## WARRANTY (USA / CANADA)

Three (3) year parts and on-site labor  
Five (5) year compressor  
Administered by Central, 800-289-3637

Due to periodic changes in designs, methods, procedures, policies and regulations, the specifications contained in this sheet are subject to change without notice. While we exercise good faith efforts to provide information that is accurate, we are not responsible for errors or omissions in information provided or conclusions reached as a result of using the specifications.

By using the information provided, the user assumes all risks in connection with such use.

The built in performance enhancing functions ensure that given proper attention and preventative maintenance, each Central Product will deliver years of trouble free, reliable, low maintenance, efficient operation.
