FFD-18 Film and Foil Dispenser

Our new Heavy Duty Film and Foil Dispenser replaces those flimsy cardboard cartons that hold rolls of film and foil, and those plastic dispensers that don't work so well when the roll is near the end. Edlund's FFD-18 is a sturdy stainless steel dispenser with suction cup feet that hold it securely in position or you can mount it on the wall and save precious counter space. Welded handles make it easy to carry when loaded with a full roll, and the adjustable dispensing tube fits both 12" and 18" rolls. Whether you're using the slide cutter for film or the interchangeable metal cutter for foil, you get a clean cut that eliminates waste and saves you money! Don't let inferior dispensers foil your profit plans. Edlund is a cut above.
