

Edlund ARC!™ Manual Fruit & Vegetable Slicer

There are lots of Manual slicers out there that will slice hard products like onions and potatoes, but they don't do a great job on soft products like ripe tomatoes. There are also great manual tomato slicers that work well, but they just can't cut an onion. That's all about to change! Edlund introduces the ARC! fruit and vegetable slicer, the first slicer that can cut through an onion or potato with ease, and, slice a very ripe tomato even better. Plus, with our exclusive patent-pending design, you never have to place the product directly on the blades. The unique Pusher/Hopper allows safe and perfect positioning of the product to be sliced, as well as for loading smaller soft products like strawberries for faster bulk slicing. Our quick change pusher assembly and blade cartridge with wash guard provide lightning fast changes for the different thicknesses and ensure safe handling, and the stainless steel construction will weather any storm. The ARC! from Edlund. Even Noah would be impressed.

- Exclusive Patent Pending Design
- NSF Certified
- All stainless steel construction
- Dishwasher safe (Fits in Flight type dishwasher)
- Instantly convert between 3/16", 3/8", and 1/4" sizes by changing pusher and blade assemblies
- Unique quick change pusher and blade assemblies
- Snap-in S/S Blade cartridge removes easily without tools
- Cartridge wash guard protects operator from cuts
- Ergonomic two handed design for easier slicing
- Front load design accepts 1/2 and full pans up to 4" high
- Made in U.S.A.

Takes a softer approach to the hard sell of vegetable prep equipment!

All stainless steel unit can be cleaned in a dishwasher (flight type) or pot sink

Unique quick change pusher/hopper design keeps fingers completely away from blades and hold product in perfect slicing position

Stainless Steel pusher assembly and blade cartridge are easily removed without tools and the stainless wash guard protects the operator from the sharp blades during cleaning or replacement

The ARC! can quickly convert to three different sizes

Dimensions: L=17.625 (413mm)
W=10.5 (448mm)
H = 16.25 (267mm)
