

KR24-12CSF

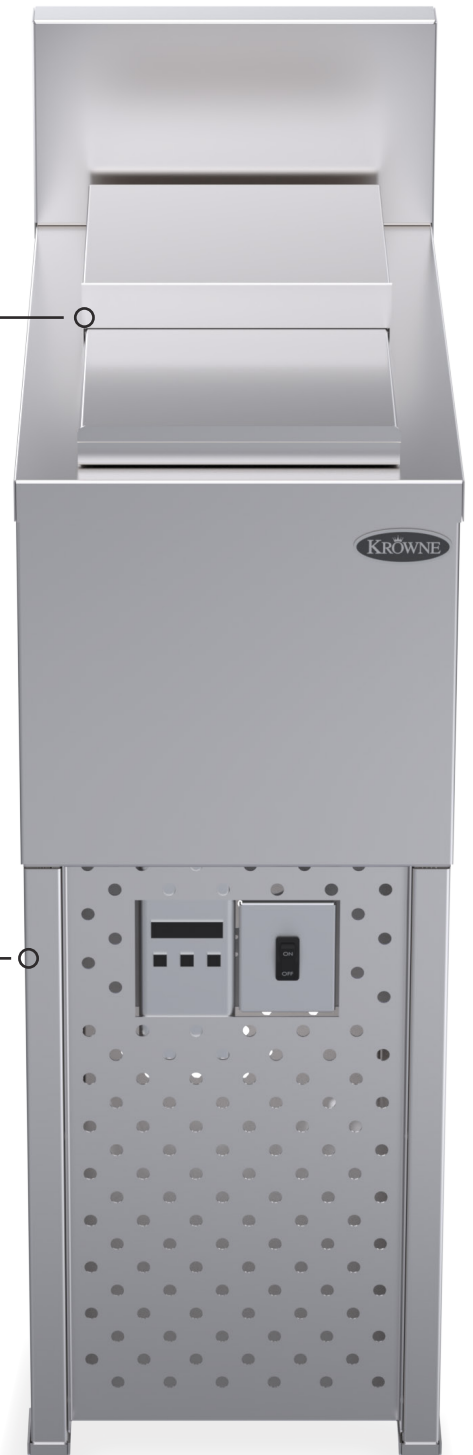

# THE MATRIX - CRAFT ICE STORAGE FREEZER

Includes a fully insulated freezer compartment with digital thermostat. Heavy duty sliding cover with access to front and back of unit makes this the perfect compact space-saving design (24" Depth x 12" Width)

- Insulated sliding covers allows access to front and back of unit while keeping compartment as cold as possible to prevent ice melt

- Large capacity freezer compartment to store large format ice and adjustable from -15° F to 10° F. Perfect for storing large format craft ice (cubes, spheres, etc.)
- Integrated mullion heaters to prevent condensation. No defrost cycle so ice can be left in compartment overnight
- Includes digital thermostat and removeable divider to allow storage of different types of ice.
- Heavy duty 18 gauge all stainless steel welded construction with fully insulated covered corner interior.
