

Fly Patrol™

Paraclipse®

#250717

#350717

#250717-SS

The Fly Patrol™ is a remarkably versatile decorative fly control system. Beautifully designed, it is powerful enough for commercial use in areas up to 1,000 square feet. The unique designs allow the Fly Patrol™ unit to be wall mounted or placed on a flat surface. Like all Paraclipse® units, it uses special UV light, highly effective fly specific attractants, and decoys on the trapping surface to lure and capture flies. Its small size blends into any decor, and features a 30-day auto-advance cartridge.

Features:

- * Non-toxic.
- * No pesticides or insecticides.
- * No touch glue surface.
- * Eliminates large quantities of flies.
- * Audible alert to replace used cartridge.
- * Looks like a decorative wall sconce.
- * Meets USDA & FDA guidelines.
- * Draws flying insects to trapping surface and keeps them trapped.
- * Wall mount or placed on a level surface.
- * Directs light out and down to increase overall effectiveness.
- * Unit keeps your establishment safe and free from flies carrying diseases such as Salmonella and E.coli.
- * Cartridge holds 10 times the capacity of a glue board. The auto advancing cartridge system rolls the trapped flies inside the cartridge so you never handle the fly covered trapping surface.
