

# Universal Post Casters for Shelving

The wide selection of universal casters offered by Focus Foodservice fits most types of commercial kitchen equipment from shelving to fryers. We continue to make expensive OEM casters a thing of the past by expanding our assortment year after year.

## Universal Post Casters

Constructed to Fit Most 1" Posts With or Without Threaded Inserts.

- Heavy-duty polyurethane non-marking casters
- 2 each swivel and 2 each swivel with brakes
- Fits most 1" diameter shelving posts with or without threaded insert
- Secure with inner threads and/or outer set screws (use hand or screwdriver)
- 250 lb. (113 kg) per wheel capacity, 2 swivel and 2 swivel with brake

Quick & Easy • Insert post into caster collar • Rotate clockwise if threaded • Secure set screws to post by hand or with screwdriver
