## Worktop Freezer

Worktops  
 Super Deluxe Series

**3 YEAR PARTS & LABOR WARRANTY**

**Model : TWF-28SD**

### FEATURES & BENEFITS

- Stainless steel cabinet construction**  
 The Turbo Air Super Deluxe model boasts a stainless steel interior and exterior (galvanized steel back & bottom). It guarantees the utmost in cleanliness and long product life. The Super Deluxe can add a touch of style to the most refined setting.
- Sturdy, clean stainless steel shelving**  
 Shelves are the most important part of cleanliness as they come in direct contact with food. After a while, PVC coated wire shelves may peel, rust and lead to unsanitary conditions. Only the Turbo Air Super Deluxe series uniquely provides stainless steel shelving.
- LED interior lighting system**  
 Brighter and longer lasting LED lights provide attractive, enhanced illumination compared to fluorescents. It saves energy by producing less heat, while maximizing the visibility.
- Efficient refrigeration system**  
 Turbo Air's solid door freezers are designed with oversized and balanced (CFC Free R-134A, R-404A) refrigeration systems. These include efficient evaporators and condensers for faster freezing and greater efficiency.
- High-density polyurethane insulation**  
 The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- Ergonomically designed doors**  
 Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience. ABS sheet door liners resist water condensation with thermal efficiency.
- Magnetic door gaskets**  
 Magnetic door gaskets are of one piece construction, removable without tools for ease of cleaning and replacement.
- Freezer holds 0°F ~ -10°F for the best in frozen food preservation**
