## SERVEWELL® HOT FOOD TABLE

ServeWell® 3-Well Hot Food Table

### DESCRIPTION

We build each ServeWell® unit with heavy-gauge stainless steel, and engineer the body, legs, and base for strength and durability. Features

- **Thermoset Fiber-Reinforced Resin Wells** – self-insulating and maximum energy efficiency. Will not rust or pit. Clean easily by wiping off water deposits from the non-metallic surface.
- **Thermostatic Heat Controls** – automatically adjust for water temperature and food volume changes to reduce food waste.
- **Capillary Tube Thermostats** – control supply power only when needed for maximum power efficiency.
- **Low-water indicator light** – eliminates guesswork.
- **Dome Heating Elements** – use up to 25% less energy and concentrate energy into the wells. Non-stick surface prevents scale build-up for easy cleaning and longer operating life. Cast-in elements for longer service life and greater energy transfer.
- **Wells** – Wide no-drip lips on wells keep top surface dry. Equipped with individual brass drain valves.
- 20 gauge stainless steel top and undershelf, 16 gauge legs.
- Operator side plate shelf and cutting board are standard on hot food table.
- Mechanical guards on all controls and power switch for safety and reliability.
- Accepts full-size or fractional pans up to 6" (15.2 cm) deep, and standard adapter plates and insets.
- Recommend using up to 4" (10.2 cm) deep food pans.
- Standard adjustable stationary legs or optional caster set.
- 10ft. (3 m) bottom-mounted power cord.
- Ships knocked down.

**NOTE:** ServeWell® Hot Food Table orders cannot be canceled or returned.
