## FEATURES & BENEFITS:

- Employee lockers provide a safe storage place for their personal things when working.
- Mesh grid doors are a standard security feature allowing managers to see what is being stored in the lockers while also allowing ventilation to the lockers.
- 1, 2, 4, 5, 6 door models available.
- 1 door lockers are used in environments where full length clothes are stored, an inside shelf is included for storage of books, hats, lunches, and other personal belongings.
- 2 door lockers allow double the number of storage units and are great for environments where jackets are worn for work.
- 5 door and 6 door lockers are space savings models where storage space is a premium.
- Available in single column or three column configurations. 3 column configurations allow for easier installation.
- Depths of 12", 15", and 18" available on various lockers.
- Door catch has padlock hasp to add a lock (provided by others).
- Enclosed bases standard at no additional charge and help reduce dirt, dust, and debris from getting under lockers.
- Standard color is beige, additional colors available upon request.
- Lockers ship fully assembled.
