AutoFlush® Clamp - Touch-Free Flushing System

The AutoFlush Clamp is the ultimate in performance and simplicity, ensuring that urinals and toilets are always flushed and presentable. Installation takes only one minute and there is no need to shut off the water. The AutoFlush Clamp promotes good hygiene by eliminating potential points of cross-contamination, while preventing odors by ensuring that fixtures are flushed after every use.

Low Battery Indicator with Audio Tone Option
Merely change batteries every 3 plus years or 60,000 flushes.

Programmable Features
■ Daily flush option prevents sewer gas build up
■ Audio tone option indicates low batteries
■ Adjustable sensor range
