

BIZERBA■ **Food Service**

Bizerba VS 12 D-V series slicer certified to the stringent NSF/ANSI 8-2012 standard.

The VS 12 D-V series features a vertical carriage with a positive product feed. This allows for consistent, thin slices. The automatic version has a built-in

diagnostic program for easy troubleshooting. The VS 12 D-V series incorporates all the safety features one expects with Bizerba products.

... VS 12 D-V-SYS – automatic slicer system...

Horizontal carriage with positive product feed insures consistent slices. Features Emotion technology – uses 50% less energy

Emotion
Efficient in energy...

VS 12 D-V-1

VS 12 D-V-SYS automatic slicer & stand

- Shingle, stack, circular patterns
- Shingling in 3 rows, traditional or transverse, multi-layer
- Stacking up to 4 stacks with one product, 2.5" max. height

Installation, Start-up and Demo (ISD)

Included with purchase, count on us for a proper ISD!

- Bizerba ISD includes labor and travel time during normal and local Bizerba working hours within the (50) U.S., please contact Bizerba for scheduling your ISD, toll-free 1-800-229-3115 or email: us.service@bizerba.com.

Best blade in the industry

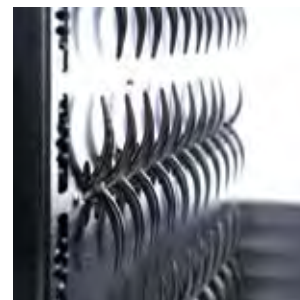

The unique design of our blade produces clean and consistent slices. The hardness results in a long last-ing sharp edge. The life of the blade is dramatically longer than the competition. Our standard blade is the hardest, thinnest, largest, straightest blade in the industry.

- 13" diameter, chromium coated hard alloy
- 60-62 Rockwell hardness at the edge

Optional accessories:

- Round platter for star shaped presentations
- Mobile Stand for the correct working height

Food Service

Emotion Variable Frequency Drive Motor

1-phase AC current

- 230/120 V, specialized data available on request
- 50/60 Hz
- Frequency of nominal current 2.5/4.2 A
- Power consumption 0.575/0.504 kW

3-phase AC current

- 230/400 V, specialized data available on request
- 50 Hz
- Frequency of nominal current 1.9/1.38 A
- Power consumption 0.552 kW

Protection type

- IP 33

Blade diameter

- 13" (330 mm)

Blade

- 266 r.p.m.

Strokes/min

- full: 30/40/50 mid: 35/48/58 short: 60/68/75

Slice thickness

- 0.02" to 0.94" (0.5 to 24 mm), infinitely variable

Installation area

- VS 12 D-V: (L x W) 20.3 x 16.9" (515 x 430 mm)

Space required

- VS 12 D-V: (L x W) 32.5 x 40.9 (825 x 1040 mm)

Weight of machine

- VS 12 D-V: approx. 165 lbs /75 kg (net)
approx. 191.4 lbs/84 kg (gross)

Receiving tray

- 10" x 13.6" (254 x 346 mm)

Packing case

- (L x W x H) 33.5" x 32.3" x 27.6"
(850 x 820 x 700 mm)

Paper size

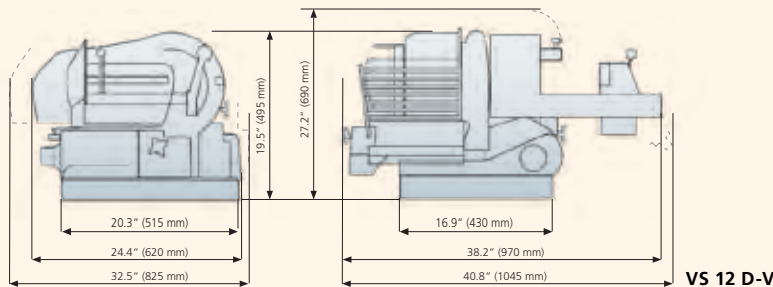

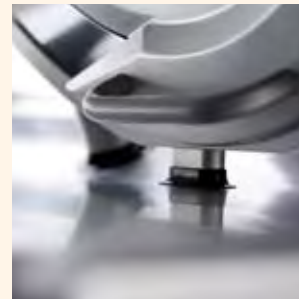

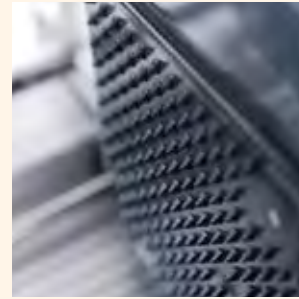

- 1/8 sheet – 9.8" x 14.8" (250 x 375 mm)

Table displacement

- 6.3" (160 mm)

Additional equipment

- Round platter for star-shaped product layout,
Teflon blade, product clamping device

Warranty

The VS 12 D-V carries a one-year, on-site parts and labor warranty against any flaws in materials and workmanship. This period begins with the date of purchase and, provided the unit is used properly in accordance with our instructions, is in full effect for one year from that date. Any work to be performed under this warranty must be performed between the hours of 8:00 a.m. and 4:30 p.m. local time, Monday to Friday. Bizerba will not pay overtime charges for work performed other than during normal business hours. Accessories have a 30-day replacement or repair warranty for the period beginning on the date of purchase. Damages incurred in transit or from installation error, accident, alteration or misuse are not covered. Transit damages should be reported to the carrier immediately. Bizerba shall not be liable for any consequential, compensatory, incidental, or special damages. All warranty work must be performed by a factory authorized Bizerba Representative.
