Safety Touch Design:
When cooking surface is 700°F, exterior is only 150°F

Balanced Covers:
Patented cover design provides perfectly balanced lifting. The cover remains parallel to the cooking surface up to a height of 2-3/4", for even grilling of thick sandwiches or other foods.

Compact System:
The electrical connections of the covers pass through a metal tube inside the body of the appliance. This patented design greatly reduces overall dimensions and allows the grill to be positioned against the wall.

Easy cleaning:
Scraper included for easy cleaning of smooth plates.
