The **Fury**™ steps up to a 3 Hp motor, paddle switches, timer, and a 64 oz jar

The **Eclipse**™ is ideal for environments where noise needs to be minimized\*

The fully loaded **Tempest**® has a 3 Hp motor, timer, jump/pulse, jar pad sensor and 64 oz jar

The **Summit**® has unique durability features and Auto Blend

**YES**

**NO**

Is noise a concern?

\*Features QuietBlend™ technology and Quiet Shield.™

The Express Care Warranty, included free of charge on many Hamilton Beach® Commercial high-performance blenders (U.S. only), provides a replacement blender when the issue with your equipment cannot be quickly resolved over the phone.

Don't forget these vital accessories

A container rinser helps reduce costs by saving time and conserving water

>> Extra Hamilton Beach® Commercial containers, which can be stacked to save space, help you serve more customers and save time on cleaning time between drinks.

# Would you like to increase capacity to make 100 drinks a day or more?

Would you like to save labor and materials and serve more customers?

YES

YES

YES

The **Revolution** Ice Shaver provides precise ice portion control and can make four perfect drinks at a time

**SmartServe® Blend in Cup** is an all-in-one self-cleaning solution that lets operators blend up to 60 drinks per hour in the cup

The **SmartServe Mix-in-Cup**, perfect for convenience stores, is a self-service milkshake maker that blends in the cup and automatically rinses after each drink
