

**HD SUPER™
Work Center Accessories
Deluxe Drawer**

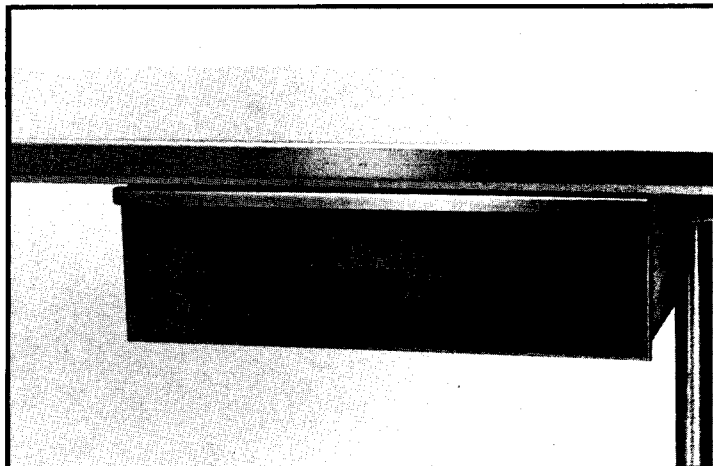

- Removable Pan:** Stainless steel pan fits inside drawer frame and can be removed for easy, thorough cleaning.
- Stackable Feature:** The Deluxe Drawer can be mounted directly beneath the Work Center top. An additional drawer can then be mounted or "stacked" directly beneath the first. Since drawers can be mounted at both ends of the Work Center, this stackable feature provides the user with the option of having as many as four drawers for storage below the work surface.
- Drawer Slides:** Stainless steel ball bearing roller slides make drawer easy to slide in and out. Slides can be removed for easy cleaning.
- Stainless Steel**

DIMENSIONS				
Cat. No.	Width (in.)	Length (in.)	Height (in.)	Approx. Pkd. Wt. (lbs.)
WTD51S	24	25 ^{3/4}	7 ^{1/2}	31

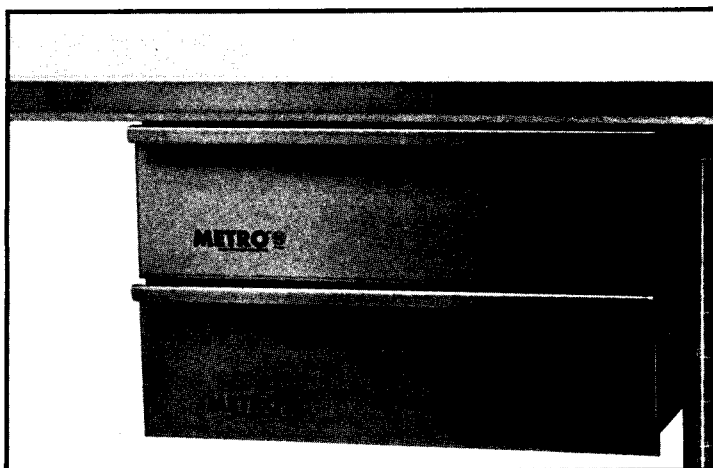

Economy Drawer

- Convenient:** Drawer fits conveniently beneath Work Center top to store utensils and other items.
- Scratch Resistant:** High-strength, attractive plastic drawer resists scratches. It is easily removed from beneath the table for thorough cleaning.
- Drawer Slides:** Slides are nickel-chrome plated with back stops to keep the drawer in place.
