BID DESCRIPTION

The FastFill™ back-of-the-house bottle filler, constructed of stainless steel, quickly and efficiently fills condiment bottles, ramekins and pans from bulk packaging with no mess. Unit fills standard condiment squeeze bottles in 1½ seconds. Designed to dispense product out of 1½ gallon (6 L) pouches with 16 mm fitment. The FastFill™ is lever operated and applies pressure to the pouch and achieves up to 95% product evacuation. Sealed system helps maintain product quality and minimizes exposure to contaminants. Unit is wall-mounted to minimize space and maximize operational efficiency. Mess-free alignment feature on dispense valve ensures bottles are properly positioned for filling.
